

# WE'RE GOING ON A NATURE WALK!

<sup>1</sup>					

1. How many kinds of birds do you see?
2. Do you know any of their names?
3. How many other animals?
4. What about insects and spiders?
5. How many trees do you see?
6. What colors do you see around you?
7. Is there one color that you see more of?
8. Has there been much rain recently? How can you tell?
9. Use the grid above to draw what you see on the ground right in front of you.

Remember to look for small details.
